> Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefitted by Brown's Iron Bitters, I tried a bottle, with most surprising results. Brown's Iron Bitters, I tried a bottle, with most surprising results. Previous to taking Brown's Iron Bitters, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person.

PORTLAND (Or.), January 17th.—A cold wave struck Oregon and Washington Territory yesterday. The thermometer here at 9 o'clock to-night marks 22°; at Walla Walla, zero; at the Northern Pacific front, 12° below zero. Snake river is closed by ice, and the middle Columbia will be blocked to-morrow. Defaulting Mining Secretary.

SAN FRANCISCO, January 17th.—D. B. Chisholm, Secretary of the Albion and a number of other mining companies, has absolved. The Directors to-day received a letter from him, stating that he was a defaulter to the amount of \$7,800, and stating how he had covered his crime. An examination of the books confirmed his statement. It is supposed that he took vertextards and the statement of the books confirmed his statement. is supposed that he took yesterday's Australian steamer. Rich Mineral Discovery in Alaska.

SAN FRANCISCO, January 17th.—Some months ago mention was made of a prospecting expedition being started for the upper waters of Yakon river, Alaska, under the lead of Edward Schieffelio, a veteran miner. Information is now received that 1,500 miles up the Yakon, at the confluence of the Tounanna river, rich and extensive gravel deposits have been discovered, averaging \$1 50 to the pan. The country is difficult of access, the Yakon being closed by ice until about June, while the trip from Sitka is as bad as a Sibelian journey.

Attempted Wife Murder.

St. Helena, January 17th.—J. O'Rourke, a butcher, late of Valleja, attempted to kill his wife this morning while at the breakfast table. He fired four shots at her, one of them passing through her head and another through her throat. She cannot possibly survive, and has already made her last statement. The cause of the shooting, as stated by her, were found to the Committee on Judiciary, reported back favorably the following bills: S. A CARD.

THERE ARE QUESTIONS IN MRS. WILSEY'S card, which appeared in yesterday's Record-Union, that I am compelled to answer, although I make the explanation reluctantly, as I do not con-sider this an honorable way of advertising. First sider this an honorable way of advertising. First—Fisch & Watson have been negotiating for Turner Hall for over two years. If it be necessary I can bring forward members of the Turner organization to substantiate this statement. It so happened that a year ago there was a misunderstanding in regard to the bids, and the hall was not procured. Last ummer I spent at take Taboe, and did not summer I spent at take Tahoe, and did not return until a few days before the opening of classes at Jacobs' Hall, consequently all arrangements had been made during my absence. On my return, sev-eral members of the Turner Association informed

eral members of the Turner Association informed me that their hall could be procured. I told them that as soon as our clubs, classes, etc., were organized we would take Turner Hall.

On next Tuesday evening another club will be formed, which necessitates engaging another hall. Many have supposed that we could not furnish music for two hails, which supposition is erroneous.

Mrs. Wilesy accuses me of answering her curtly. Now, if I have one redeeming quality, it consists in treating everyone politely under any and all circumstances; and in consideration of Mrs. Wilesy being a widow, we were about to offer her a percentage of the proceeds of the Saturday evening soirces at Turner Hall, but she would not listen to a proposition of any kind. I feel deeply pained to appear before the public in this manner, but the tenor of Mrs. Wilsey's eard necessitates this explanation. As the public now have both sides of the question, I hope this will end the controversy. Respectfully,

G. W. WATSON,

LOGAL INTELLIGENCE.

THE LATE BOARD OF SUPERVISORS,-Henry Buckley, late District Attorney, appeared before the Board of Supervisors yesterday and stated that he had read in the Record-Union the opinion of District Attended to answer before the next the defendant held to answer before the next that the defendant held to answer before the next that the defendant held to answer before the next that the defendant held to answer before the next that the nex torney Carey, relative to the legality of the meeting of the old Board held at the beginning of the present month. As it was directly opposite to the opinion given by him to the late Board, embracing the same question, he wished to state the reasons on which his opinion was founded. Section 879, Article IV. of the Political Code says: "Every officer must continue to discharge the duties need to answer before the next the defendant held to answer before the next the second trial of Williams, and to prevent walden from escaping on the plea of "once in jeopardy," he was indicted for perjury alleged to have been committed on the first trial of Williams. The prosecution is conducted by District Attorney John T. Carey, the defendant held to answer before the next the defendant held to answer before the next the defendant held to answer before the next the perjury was committed was in May, 1881, at the second trial of Williams, and to prevent Walden from escaping on the plea of "once in jeopardy," he was indicted for perjury as committed was in May, 1881, at the second trial of Williams, and to prevent Walden from escaping on the plea of "once in jeopardy," he was indicted for perjury as committed was in May, 1881, at the second trial of Williams, and to prevent Walden from escaping on the plea of "once in jeopardy," he was indicted for perjury as committed was in May, 1881, at the second trial of Wi officer must continue to discharge the duties of his office, although his term has expired, until his successor has qualified."

Even if their terms expired "at midnight of the 31st day of December, 1882," he believed they would yet hold over under the above-quoted section, and were Supervisors de factor until the new Board qualified; that hed they would be section, and were supervisors de factor. until the new Board qualified; that had they ing. In the interim one of the witnesses armot qualified for a month, the old Board would rived, and the motion was denied as to the have still continued to hold; that the late others. A large portion of the day yesterday county officers were all officers de facto under was occupied in obtaining a jury, the venire a decision of the Supreme Court, and were not elected by the people for the term as held by them. The present Board could not have assumed the duties of the office until January 8th. According to Section 4109 of the Political Code, as amended and approved March 7, 1881, the portion of which relates to the Board of Supervisors is as follows: "That all Supervisors and Justices of the Peace shall take office on the first Monday after the first description of the Court, which showed that he had sworn Walden as a witness in the case. the first day of January next succeeding Court Reporter Davis was next sworn, and their election, and shall hold office for two testified by reading his notes of the testiyears. The years during which a Supervisor mony given by Walden in the trial of Willand Justice of the Peace is to hold office are to be computed respectively from and including.

Counsel for the People then proposed to ing the first Monday of January of any one put William Williams, defendant in the year to and excluding the first Monday of former case, now in jail and under sentence January next succeeding." It was on the latter part of this clause that District Attorney Carey based his opinion. Mr. Buckley believes that under the codes and decisions of the Supreme Court there can be no such thing as an interregnum in the office, and consequently the old Board must hold over. The Buckley was on the amount of salary to which the members were entitled, and it was to the effect that they should receive payment court adjourned until this morning at 9:30 It is understood that an attempt will be made to compel the old members to pay back the salary drawn for this month. THE KNIGHTS' TRIENNIAL. At a meeting of the Triennial Committee of the knights Templar of the State, held at San Francisco on Wednesday last, the following were appointed upon committees named:

Transportation-Sir Knights O. C. Wheeler, George C. Perkins and W. O. Gould. Hotels and Accommodations—Sir Knights H. T. Graves, R. C. Gaskill, T. Burgess, H. H. Blake and H. H. Pearson. Competitive Drill-Sir Knights H. J. Burns, W. M. Petrie and E. B. Willis.

Circulars—Sir Knights O. C. Wheeler, W. O. Gould and H. T. Graves. Place for Drill and Grand Review-Sir Knights R. H. Lloyd and H. J. Burns. Music-Sir Knights E. R. Hedges, H. J. Burns and H. T. Graves.

The Finance Committee is as yet incom-Auditing Accounts—Sir Knights T. Burgess, H. J. Barns and J. M. Litchfield.

Decorations—Sir Knights J. Z. Davis, F. W. Sumuer and J. M. Litchfield. Journalist-Marcus D. Boruck. A committee of three was appointed to prepare a schedule of the programme, consisting of W. O. Gould, Chairman; O. C. Wheeler and George C. Perkins, with instructions to report at the next meeting.

H. J. Burns proposed that the usual prize banner given at the competitive drill be substituted by some trophy appropriate to the State of California, and stated that he had received specifications from two leading jewelers, and suggested a large Masonic monument, 24 inches high and 12 inches in width, having on top the figure of a Sir Knight, and on one eight the coat-of-arms of the State, and on the opposite prepare a schedule of the programme, of arms of the State, and on the opposite the coat-of-arms of the Commandery-the whole to be composed of gold and silver, inlaid with quartz and agates of varied colors and designs. On the inside he suggested a cabinet containing the precious minerals of the State. The value of the prize will be about \$5,000, and it was thought by the committee that as a first prize this trophy will be more acceptable than a banner, as many of the Command-

They were in to see a lawyer—Mary Ann and her mother. Mary Ann was a little embarrassed, but the old woman was calmness itself. When they spoke about a breach of promise case, the lawyer asked:

"What evidence have you got?"

"Mary Ann, produce the letters," commanded the mother, and the girl took the cover off a willow basket, and remarked that she thought 927 letters would do to begin on. The other 651 would be produced as soon as the case was fairly before the Court.

"And outside of these letters?" queried the lawyer.

"Mary Ann, produce your diary," said the mother. "Now turn to the heading of 'Promises' and tell him how many times this marriage business was talked over."

MEN OF THE HOUR.

Paul H. Hayne was born January 1, 1831, Paul H. Hayne was born January 1, 1831, at Charleston, S. C., the son of Lieutenant Paul H. Hayne, of the United States Navy, a brother of Robert V. Hayne, statesman. He was educated at the College of Charleston, where he was graduated in 1850. After reading law and being admitted to the bar, he determined upon the life of a literary man, and having the financial means desirable to give the best effect to his decision, worked assiduously to attain proficiency in composition, both prose and verse. He edited "Russell's Magazine" and other periodicals, and in 1855 Ticksor & Fields, of Boston, published a volume of his poems, which was favorably received. His next volume was published in 1857, and the third in 1860. During the war he served in the Confederate army on the staff of Governor Pickens, and has since been engaged in literary work.

KNOWLEDGE IS POWER

The untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt this assertion should purchase and read the new medical work published by the Peabody Medical Issitute. Boston, entitled the Science of Life: or, Self-Preservation. It is not only a complete and perfect treatise on Manhood, Exhausted Vitality, Nervous and Physical Debility, Premature Decline in man, Errors of Youth, etc., but it contains one hundred and twenty-five prescriptions for acute and chronic diseases, each one of which is invaluable, so eases, each one of which is invaluable, so proved by the author, whose experience for 21 years is such as probably never before fell to the lot of any physician. It contains 300 pages, bound in beautiful embossed covers, full gilt, embellished any physician. It contains 300 pages, bound in beautiful embossed covers, full gilt, embellished with the very finest steel engravings, guaranteed to be a finer work in every sense—mechanical, literary or professional—than any other work retailed in this country for \$2 50, or the money will be refunded.
